

PLANNING FIRM HIRED FOR REVISION OF ZONING LAW

The Planning Board, Tuesday night, voted to hire the firm of Economic Development Associates Inc. of 359 Boylston St. Boston, for the sum of \$1000, to make a study of the present zoning and zoning by-laws of Wilmington, for possible revisions.

The firm was not hired until three votes had been taken, the first two votes resulting in three to three ties.

Two firms had been interviewed. Raymond Fitzmaurice, of the Planning Board, moved

that the other firm be employed, only to have the board split right down the middle, when it came to voting. Daniel Gillis then moved that other firms be interviewed, and again the board deadlocked.

Finally, on motion of Herbert Nickerson, it was voted 5 to 1 to employ the Economic Development firm.

EDA will be asked to particularly review zoning along Interstate Routes 125 and 93, with an idea of finding good land for industrial purposes.

THE FIRST CATCH

Tobias 'Tobey' White, of Pinewood Road (now Melrose Ave) one of Wilmington's most ardent fishermen, had these 12 beauties to exhibit Saturday morning. He caught them in the Shawsheen River.

APPOINTED TO BOARD OF HEALTH

Erving S. Pfau, 314 Salem St. who was appointed a member of the Board of Health, Wednesday by TM Lancaster, to take the place of Vinal Lewis, resigned. A graduate of Boston University, with a degree of Master of Biology, he has been a resident of Wilmington for three years, and is employed at the Charles River Laboratories, on Ballardvale Street.

NEW GARBAGE CONTRACT SIGNED

The Board of Health, Monday night, signed a contract with Henry and Joseph Mastermarino, of Revere, for garbage collection in the Town of Wilmington. The contract becomes effective May 1st.

LITTLE LEAGUE TRYOUTS

Little League Tryouts will be held Saturday and Sunday, April 23 - 24, at Little League Park.

Saturday, April 23rd, will be for boys nine and ten years old. Sunday, April 24th, will be for boys eleven and twelve. Tryouts on both days will start at 1 p.m.

Boys who played on Major League Teams last year are requested to stay away from the park.

THE BOOKMOBILE

The Bookmobile will call at the Wilmington Housing Authority Wednesday, April 27, at 9:30 a.m. and at Hathaway Acres, North Wilmington, Friday, April 29, at 2 p.m.

THE CANDIDATES ARE IN THE RUSTINGS

John Volpe, of Winchester, and Mrs. Volpe, at the Patriots Dance in the High School, last Monday evening, chatting with Selectman and Mrs. Nick De Felice, and Mrs. Ruth Kitchener.

Volpe, former Commissioner of the Department of Public Works, is a candidate for the Republican nomination for Governor of Massachusetts.

METHODISTS ADOPT FAIR HOUSING RESOLUTION

In what is probably the first action of its kind in northern Middlesex County, the official board of the Wilmington Methodist Church has adopted a resolution calling for adoption of a code of no discrimination because of color or creed, in housing in Wilmington.

The town of Brookline, and nearby communities have been discussing the problem, but so far as is known the action of the Wilmington Methodist Church is the first such discussion in this part of the county.

Paul Bodenstein, public school teacher, and a lay member of the Methodist Church, has been one of the leaders in the movement. Last week he attended a seminar at Boston College, in which New York bankers and real estate operators discussed the problem at some length.

The Methodist Church has released the following statement in connection with its stand on Fair Housing.

The Official Board of the Wilmington Methodist Church deeply aware of unfair practices in housing voted the following resolution at its last meeting.

'We the members of the Wilmington Methodist Church, lead

by the example and precepts of our Lord Jesus Christ, that all men are brothers and that no discrimination because of race, color, religion or national origin should be practiced in our community: believing that residential segregation is contrary to God's will and the American heritage of freedom and that every person, regardless of race, who intends to be a good law abiding neighbor, has a right to make his home in our midst with a claim upon our friendship and Christian concern: We therefore resolve that every person is entitled to a place in society which he has won by industry and character. We further urge all members of the community to examine their consciences and convictions so that they may work actively to prepare our community for integration.'

The Rev. Richard E. Harding praised the Board for their action and hoped that other Churches and organizations within the community would take such a stand in order that a cooperative effort may be made to translate the resolution in concrete action.

ST. DOROTHY'S FIRST COMMUNION CLASS

Because of the school vacation, the times for the First Communion classes, at St. Dorothy's Church have been changed, for this week only.

The classes are to be at 10 am today and Saturday, and will then revert to their regular schedule.

LIFE PHOTOGRAPHERS AT REPUBLICAN DANCE

The nearly 200 Republicans and their guests, at the Patriots Day Dance, in the High School gym, Monday night, hardly noticed the Photographers who were present.

But two of the photographers were doing a story for Life Magazine, a story entitled 'The Look of Politics', and one of those photographers was Life's famed Cornell Capa, a crack photographer of many years standing, and many accomplishments.

Capa and Don Underwood, also of Life, flew up from Jacksonville Florida, Monday, to attend the Wilmington dance.

Cornell Capa takes Picture of M.C. Hayward Bliss. They shot their pictures in Ektachrome.

BOMB THREAT AT UNIT PACKET

State and Wilmington Police streamed to the Unit Packet plant, on Burlington Avenue, shortly after noon, on Tuesday in response to a telephone threat.

An unknown person told plant officials, over the telephone that there was a bomb in the place which would blow up before midnight.

25 employees were evacuated from the three buildings, and the plant searched, without result. The men then returned to work. The evening shift, of 25 workers, were told that they could go home if they chose, but they too remained on the job.

Unit Packet is engaged in the manufacture of small packages of condiments, for restaurants and airplane lunches.

LET'S TAKE A LOOK AROUND

Sometimes we forget that there are towns and
cities other than Wilmington, and Woburn and
Reading. We get engrossed so much in the af-
fairs of our own town that we forget entirely
our Legislature, and other governmental bureaus
Our By Laws

Our Town Meeting, in March, passed amend-
ments to our By-Laws which were designed to
make it easier to have a Town Meeting, among
other things, designed to take out what our
Town Counsel called the "Booby-Traps". This was
done over the objections of a group of citizens
now known as "The Ninety One".

It would seem that The Ninety One may pos-
sibly have their objections upheld, by the
Attorney General's office.

At least, we are told that there is a view
in that office that proposed changes are too
liberal.

The Telephone Tax

The Telephone Tax, we think, is on the way
out. During World War II a 10% tax was imposed
to help finance the war, as an emergency mea-
sure. President Eisenhower indicated this year
that he felt it was no longer necessary, and
then half-way changed his mind.

Our Governor Furcolo, and in New York Gov-
nor Rockefeller jumped into the "breech" and
made plans for imposing a 10% tax the moment
that the US Government dropped it - which was
scheduled for this summer.

We think the Congressmen will not go for the
extension of the tax - it's election year, and
they will want to go home to their constituents
and be able to point at one tax they have void-
ed.

And we think further that the State of Mass-
achusetts will not impose the tax, in its turn.
Massachusetts' tax collections are above the
expected level, as a result of the payroll de-
ductions, and a high level of corporation taxes
and our Legislators will probably feel that
Massachusetts will have no need of imposing a
new tax - especially in election year.

State Laws on Zoning

Last year a quickie bill was slipped through
the Legislature which threatens to play hob
with the town by-laws protecting the home owner
by regulation of lot sizes. We have referred to
it before - it was a real sneaker, the one
that we call the 764 square foot law. Most peo-
ple don't realize yet just what that law can do
to a town or city that is seeking to protect
itself.

This year the Homebuilders Association of
Massachusetts introduced nine similar bills,
which they hoped to have made into law, and a
number of other bills were introduced, all of
which sought to break down controls.

Of the nine, the dangerous ones have been
"referred to the Next Annual Session". Which
means we will have to watch again.

GRASS FIRE SEASON

This is the season of grass fires. This is
the time of year when our Fire Department is at
its busiest.

Probably 99% of the calls are non-dangerous,
as the events turn out, but the 1% can be the
"statistic" that could be regretted.

Commissioner Charles H. W. Foster, of the
Massachusetts Department of Natural Resources,
last week stated that one out of four fires of
this type, in Massachusetts, last year, was in
our own Middlesex County.

It would seem that they are not too careful.

SUSIE'S

SONNETS

'Copyright 1960 by Sylvia Neilson'.

AND THAT BONNET

For signs of spring we're peeking,

The crocus and narcissus,

The robin and the violet,

A new dress on the Missus.

WE SAY WATCH MAYOR HYNES

Politics are just beginning to become im-
portant, at this moment, in Massachusetts, at
least on the State level, but we are going to
stick our neck out a bit and say "Watch Mayor
Hynes of Boston".

We don't predict that he will be elected
Governor of the Commonwealth, but we have a
feeling that he has the best chance, in the
Democratic side, of being the nominee.

The big shots in the State Democratic level
are liable to have a real donneybrook, among
themselves, as to who should be the nominee for
governor. Lt. Governor Murphy wants it. Joe
Ward, Secretary of State, wants it. Sheriff
Fitzpatrick wants it. Some of these gentlemen
want the nomination very much, and others are
more or less just hoping.

But there are differences of opinion among
these gentlemen, and those differences are
going to loom larger and larger, as the time
for the state convention nears. It is entirely
possible that they will kill each other off,
as possible nominees.

The other factor to remember is John F.
Kennedy, not the Senator, but the State Treas-
urer. Mr. Kennedy is practically persona-non-
grata among the state Democrats. He is an
avowed candidate for the Governorship, and that
doesn't bring joy to the breasts of the afore-
mentioned gentlemen.

So it looks like a compromise with Hynes,
because he seems to be the only Democrat that
can talk with all concerned.

Don't ask us who the Republican nominee will
be. So far we have Senator Graham of Hamilton
Representative Giles of Methuen, Mayor Whitmore
of Newton, and John Volpe of Winchester. It's
anybody's guess.

TOWN NOTES

Cold Easter

Easter Sunday was one of
those days when a lady might
be impelled to wear a hat for
warmth, rather than attractive
beauty. It was cold and damp
when we got up, and it stayed
cold and damp until after all
church services were ended.

But the ladies had their fi-
nest on, anyway.

Picture Captions

Our picture captions, last
week had a couple of bloopers.
It was one of those things,
written at the last minute,
etc etc., the things which
shouldn't happen, but does.

In one case we said that the
Little League was to have its
tryouts on Saturday of a week
ago, instead of next Saturday.
No one bothered us about it,
but Bob Hastings, the Little
League President could hardly
put down his telephone. The
kids just swamped him with
calls.

In the other case we didn't
have in a picture an explana-
tion of why there was no water
in a fire hose. It was simple
enough - somebody at the other
end of that hose forgot to
turn the valve.

Nobody called the Water Com-
missioners to complain, but
judging from their reaction
they too spent sleepless
nights as did the honorable
Bob Hastings.

Friday the 13th

We can't help it. We just have
to comment on the date of the
Senior Prom, this year.

Its Friday the 13th of May.

Eight Months

Once a year the Rotary Clubs
of this part of New England
have a conclave in Swampscott,
during which each club likes
to get up and point to its
achievements of the past year.

John Nitchie, of Chestnut St.
is absolutely positively going
to attend the conclave next
Wednesday. Nothing, nothing
could keep John away.

The Wilmington club has had
eight months of perfect at-
tendance, not one member miss-
ing one meeting. Johnnie can
be excused for doing a little
boasting, come Swampscott.

He was a She

The name of the winner of the
trip to New York was written
in a firm masculine appearing
hand, but it turned out to be
a lady.

Mrs. C. F. Forbes (the Mrs.
did not appear on the slip) is
the niece of John McCarron,
who used to run the bowling
alleys in Wilmington square.
It was, she said, the first
time she ever won anything in
her life.

Fishing

We must report that the fish-
ing season started in Wilming-
ton on April 12th., just after
school let out.

The kiddoes didn't wait for
the legal starting day of
April 16th. They knew, without
being told, that the brooks
were stocked on April 12th.,
and away they went, rod in
hand. At least four youngsters
caught a dozen trout apiece at
Jenks, that afternoon, and all
the rest of the week every
place that was stocked was the
subject of attentions by
youthful fishermen.

The state game department
didn't make a heavy stocking
of trout in Wilmington because
of the high water. We presume
that when the Ipswich drops a
bit there will be more trout.
And we presume that, of the
fish that were stocked, nearly
half had been caught before
the season opened.

RAY FITZMAURICE SUGGESTS EXTEND CARTER LANE TO NEW BOUTWELL STREET

Raymond Fitzmaurice, of the Wilmington Planning Board has suggested constructing an extension to Carter Lane, which runs from Shawsheen Avenue in the direction of (roughly) the new Boutwell Street school, so as to provide a through way to the new school.

Fitzmaurice made his suggestion at the Planning Board meeting, Tuesday night.

The Permanent School Building has been discussing the possibility of constructing a Pedway (footpath) from Nassau Avenue, nearby, to the school.

Fitzmaurice's suggestion was taken under advisement.

During this discussion Danny Gillis, of the Planning Board reported on a suggested Pedway to reach from Essex Road to the New Glen Road School, across Lubber's Brook. The people in the neighborhood, Gillis reported, thought the idea a very good one.

SALVATION ARMY SPRING SALVAGE DRIVE STARTS MONDAY

The annual Spring Salvage Drive of the Salvation Army is due to start Monday morning, in Wilmington, and last throughout the week.

A Red Shield truck will come to your home, at any time during the week, in response to a phone call, to KENmore 6-7540, or a postcard to The Salvation Army Social Service Center, 61 Brookline Avenue, Boston.

Material picked up will be taken to the Rehabilitation Center for re-conditioning in the various work shops. The majority of the men at work in the Center are those who come to the Salvation Army with social and physical handicaps, alcoholics, parolees. They

have one desire in common - to start on 'the way back'. The local director of the drive is Dr. Jack Silvers, Andover Street.

TOWN BEACH CLEARED OF OBSTACLES BY DIVERS Including One Wheelbarrow

The Scuba Urchins of Wilmington, skin diving club, cleared the Town Beach, at Silver Lake of all trash and obstacles, to a distance of 100 yards, last Saturday.

Numerous tin cans, broken bottles and other trashy items were removed, including one very much used child's wheelbarrow.

Under the leadership of President Del Hunter, of Lang St. North Wilmington, the scuba divers explored a 'valley' leading out into the lake, from the Grove Ave. end of the Town Beach. The valley starts abruptly, about 10 feet from the beach, and heads straight out, with a depth of about 22 feet.

A number of old pilings from the Union Ice Company pier, built back in 1876, were found. None of them were still standing, and they presented no danger to today's swimmers.

Taking part, besides Del Hunter, were Keith, Freda and Larry Gunning of Westdale Ave. Frank Curley of Hanover St., Paul Cawon and Russ Daley, of No. Reading, Dick Brackley of Greenwood, Roy Sanchez of Burlington, Jim Metcalf of Arlington, and Bill Gould of Somerville.

ONE APPEAL DENIED, ONE GRANTED, AND ONE PENDING

The Board of Appeals, last Thursday granted one appeal, denied one, and held off on the decision of a third case

which they heard.

Alan Fenton, who seeks to erect a real estate office on Main Street at the corner of Kiernan Ave., had his case denied, by the Board of Appeals, after the neighbors on Kiernan Ave objected because they felt that there would be too much traffic.

Fenton was appealing to use a lot of land that was just under 20 feet wide, and the law calls for 30 feet, in that area. There was plenty of room for parking on the property he

planned to use.

Larz Neilson was given permission to have other than a permanent foundation for a storage shed, at 364 Middlesex Avenue. There was only one objection.

The Sun Oil Company, represented by Mr. Ramsey, of their Boston office, sought to have a variance in the zoning law so as to allow some of the facilities of a gas station they wish to build, opposite Fred Cains, nearer to the street than the law allows.

Ramsey testified that it would be necessary because Main Street, at that point, has a reverse type curve, and motorists would not see the service station. He further pointed out that all the existing gas stations, established mostly under the old zoning law, and most of which are in the same neighborhood, have the privileges that he sought. The Board of Appeals took his case under advisement (i.e. decision later).

Education and Welfare, Office of
Education, of the approval of
application for federal assistance
for current expenditures pursuant
to Public Law 874, as amended,
providing financial assistance
for schools in federally affected
areas, for the Wilmington, Massachusetts,
schools.

The Department has certified
for immediate payment \$10,955.
for the Wilmington Schools,
with a tentative entitlement for
the fiscal year 1960 of \$14,607.00.

The amount certified for payment
is determined from the tentative
entitlement for the fiscal year
computed on the basis of information
contained in the application. Additional
payment will be subject to such
adjustment as may be required
by actual data in place of estimates
and by the availability of funds in
relation to total entitlement for financial
assistance.

HOUSING AUTHORITY DEFERS MEETING

The Wilmington Housing Authority,
Tuesday night, deferred its meeting
to a later date during the week.

It has an appointment for an
as yet unspecified time with
New York officials of the Housing
and Home Finance Agency of the
Federal Government. James W. Franklin,
Urban Renewal Director, is still
confined to his bed, suffering from
high blood pressure.

STATE PLANNING OFFICIALS TO BE INVITED TO MEET WITH PLANNING BOARD

Forseeing difficulties because
of several questions concerning
planning of land and streets, the
Wilmington Planning Board has
voted to extend an invitation to
State Planning Officials for a
meeting in Wilmington, at which
some of the questions can be
discussed.

Normand Pothier, Director of
Planning for the State Department
of Commerce was mentioned as
one of the officials who may be
invited to Wilmington, as was his
superior officer, Lou Smith. Mr.
Smith, a former member of the
Planning Board of Bedford, is now
a Selectman in that town.

There are three separate
problems regarding lots with
only 50 foot frontage on accepted
streets that the Planning Board
is anxious to discuss. One of these,
resulting from a real estate sale
back 30 odd years ago, is near Mill
Brook, on Middlesex Avenue, and
presents quite a problem because
other than its frontage it is a
legal lot, and has been in existence
for a long time. A second lot, not
yet in existence, is being planned
for Woburn Street on the property
of the late Mrs. Symmes.

The third lot concerns property
of the late Miss Winnie McMahon,
on Middlesex Avenue, in North
Wilmington

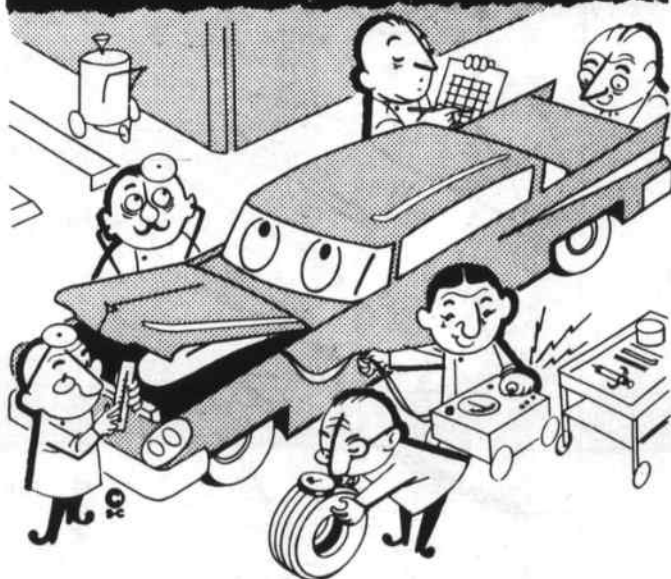

WHAT ONE HOUSEWIFE DID

A Reading man, employed in North
Wilmington, returned to his place
of employment Saturday afternoon
to find that his wife had been
there too.

In addition to smashing the
windows of his car she lifted the
hood and ripped out the distributor.

NURSE AIDE TRAINING OFFERED AT WINCHESTER HOSPITAL

Winchester Hospital announces
a Nurse Aide Training Program
commencing on May 16th, 1960.
The course, to be conducted by
Mrs. Marian E. MacKay, R.N.,
will consist of classroom in-
struction, demonstration, and
supervised patient care.
Men and women who are inter-
ested in helping to care for the
sick will find that this
work will prove a rewarding
experience. Successful gradu-
ate students will be accepted
for employment on the Nursing
Staff at the hospital. This
growing field of auxiliary
nursing has made it possible
for men and women who are not
graduates of schools of nurs-
ing to be associated with grad-
uate nurses in the care of the
sick.

Men and women between the
ages of 18 and 55 will be con-
sidered for enrollment, and
are urged to call the Nursing
Office at the Winchester Hospi-
tal, PA 9-1900, for a person-
al interview.

AWOL in Framingham.
The missing pair have been identified by Framingham Graves Registration Officer John J. Murtagh as Samuel Angier and Cyrus Woolson.

Both Angier and Woolson died during a small pox outbreak in Framingham in 1793. Angier had served in the Campaign of 1777 and had been wounded at the Battle of White Plains.

Woolson was exactly 18 when he joined up for eight months of Continental Service in 1780. Later Woolson married Angier's daughter, Persis.

The small pox was discovered in March 1793. A guest at Angier's house came down with it. It was a terrifying word to people in those days. The alarmed Framingham board of selectmen designated the Angier home as a 'pest house' and riled it out of bounds to everyone but those having the most urgent business there. Doctors and undertakers, undoubtedly.

Angier and Woolson was buried just outside the pest house with five others who died during the outbreak. The graves were marked with flat stones with no inscriptions. People avoided this area. In time the old pest house disintegrated and the field beside grew over with shrubs and brambles. It has been used for pasture and it has been ploughed.

Today you'd need a Geiger counter to find anything there. Nobody knows where the graves of Angier and Woolson are today.

A developer has recently bought the land where the pest house stood and plans to start a housing development there soon.

Murtagh hopes when the top soil is excavated, the old graves of Angier and Woolson will be discovered.

So does everybody else. Not everyone has the grave of a Revolutionary War hero in his back yard.

THE PERI-SCOOP---Word seeped out last week that all is not beyond recall for the Group 20 Players of Wellesley.

A few weeks ago, the Group 20 chieftain, Alison Ridley, announced that Group 20 would not operate this summer in the big half bowl on the Wellesley College campus.

Last week it became known that group 20 may produce one or two one-night stands late in the summer and that there is a possibility the group will be functioning as a steady thing once again in 1961.

The death of Bill Cunningham Sunday came as no surprise to many of his legion of friends. Bill was operated on in October of 1959 and for the past two months had been critically ill.

His passing leaves a void in the New England sporting scene which will be a long time filling.

SILVER LAKE MAY HAVE ROCKS NEXT WINTER

As a result of the work of the Scuba Urchins of Wilmington, in surveying the Town Beach at Silver Lake last weekend, the Planning Board is planning to fill, if possible, the huge hole near the Grove Avenue end of the beach. The Planning Board formally voted its thanks to the Scuba Urchins, in their Tuesday night meeting, and is planning to meet with the Town Engineer Sunday, to discuss methods of filling the hole and otherwise improve the beach.

One of the suggestions made, because the hole is some 25 feet from the water's edge, is to pile rocks up over it, on the ice, in the winter, so that the melting ice can solve the engineering problem of getting the fill into the right position.

NEW K of C COUNCIL

The new Wilmington Council, Knights of Columbus, held a meeting on April 4, at Villanova Hall. Presiding was District Deputy Doherty.

Nomination and election of officers took place and put the following men into office: Grand Knight; Allan MacMullin Sr., Deputy Grand Knight; Stephen Ritchie, Recorder; Harold Murray, Treasurer; Robert Peck Advocate; Paul Niles, Warden; Stephen MacInnis, Inside Guard; Warren Everett, Outside Guard; George Quinn, Chaplain; Fr. Edmund Croke, Chancellor; George Foley, Lecturer; John O'Brien, Financial Secretary; Allan MacMullin Jr., and the Board of Trustees: James Castine, John Brown, and Edward Driscoll. The officers were nominated by James Castine, Warren Everett, Stephen Ritchie, George Quinn, and John Brown.

Ed Doyle, a guest from Andover, briefed the men on ways and means of other councils in general.

A date of May 22 has been set for the institution of the new council and installation of officers.

Some of the men in the town have apparently been misled about membership in the council. Because all of the meetings are being held at Villanova Hall does not mean that this is strictly a St. Thomas organization, and all Catholic men of the town are welcome to join.

The council is gaining in strength at every meeting, and plans to have a stronger council for the good of everyone.

A very important meeting is to be held on Monday, May 2 at Villanova Hall, at 8 p.m., and all Catholic men of Wilmington 18 years or older, who are interested in joining, are urged to attend.
